GREAT GUNS HEARD FROM

Their Booming Reverberates
Along the Cuban Coast

SPANISH BATTERIES AT CABANAS ARE SILENCED

New York, April 30—Special—The Evening Journal says Sampson's fleet has shelled and reduced the fortifications of Port Cabanas, thirty miles west of Havana. The fort, the Journal says, had fired on the Ericsson and Porter, and the bombardment was an act of reprisal. It took the fleet fifteen minutes to turn the land batteries into a mass of debris.

Key West, April 30—Special—The bombardment of Cabanas is partially confirmed here. It is said many Spanish troops were killed or wounded. The American ships were not injured, though one gunner was hurt.

Key West, April 30—Special—The bombardment of Cabanas is confirmed. The shore batteries fired on the Porter, when the New York drew in shore and fired twelve shots into the batteries. The shells seemed to strike the earthworks each time, and the spectacle of flying dirt and debris seen at Matanzas was repeated on a small scale. The batteries replied, but the shots fell short. The New York's twelve shots sufficed to silence them completely.

Moriel is Threatened.

Key West, April 30—Special—A report is current that the blockading squadron has cleared for action outside of Moriel, twenty miles west of Havana. Another report says Moriel has already been shelled. A confirmation of either story is unobtainable.

British Consul Threatened.

Kingston, Jamaica, April 30—Special—A British war ship has been sent to Santiago in response to an appeal from the British consul stationed there, who says his life is in danger. The Spaniards threaten to kill him because he distributed food among the reconcentrados.

Cuban Successes Reported.

London, April 30—Special—A dispatch from Kingston, Jamaica, says Santiago de Cuba is reported blockaded by the American gunboats. It is also reported that the insurgents have captured Manzanillo, and that three thousand South Americans have landed on the southern coast of Cuba.

Glad They Were Captured.

Key West, April 30—Special—The Dolphin captured the fishing schooner Lolo last night and brought the prize to Key West. The crew said they were glad they were captured, otherwise they would have been impressed into the Spanish army or navy.

Shafter to Command.

Tampa, April 30—[Special]—General Wade received word this morning that General Shafter had started for Tampa, to take command of the army of invasion. All leaves of absence have been revoked. Troops are pouring in.

The Fox was named in honor of Gustavus Vasa Fox, a retired naval officer who acted as assistant secretary of the navy from 1881 to 1885. She has a length of 146 feet; beam, 18.4 feet; draft, 5.4. Her displacement in tons is 117, her indicated horsepower 1,750, and she has a speed of 22.5 knots per hour.

MANY MEN HASTEN TO JOIN THE ARMY

RUSH TO ENLIST IN THE VOLUNTEERS.

Local Company Will Be Filled Out and to Spare—List of the Men Who Put Their Names On the Rolls—Physical Examinations and Muster Plans.

When Capt. James Gibson reached his office this morning he found several men waiting to get their names on the rolls as volunteers. Colonel Goldin was yesterday appointed recruiting officer by order from Madison, and at once appointed Captain Gibson as medical examiner. The men who enlisted today were:

George F. Kueck.
John T. Atkinson.
James W. Atkinson.
O. W. Butterfield.
Frank Gollies.
Lawrence Ryan.
George E. Hodge.
Fred C. Pearson.
Fred Murphy.
Ray Stewart.
C. F. Miller.
Henry Nelthorpe.
Charles Belton.
N. E. Winans.
William Donovan.
Henry George Winans.
William Bohl.
George Barriaga, Jr.
Willard Emmons.
Fred A. Corgill.
George Stittsburg.
George Minick.

The men have been ordered to report at the Armory tomorrow afternoon at 4 o'clock, and it is expected that they will leave Monday for Milwaukee. As the medical examination at Milwaukee will be rigid, some of the boys may fail to pass.

Take Ten Days' Time.

Ten days' time will probably be taken up with the physical examinations and the ceremony of muster, so Janesville soldiers have not yet passed the crucial test.

Dr. J. C. Reynolds and Dr. Ladd, who have been detailed by Gov. Scofield to assist the surgeon to be detailed by the war department in conducting the physical examinations, arrived in camp yesterday. Dr. Reynolds said that he did not know when the physical examinations would begin or how long it would take to complete them. He said that as soon as the army surgeon reached camp and Lieut. F. M. Caldwell received his orders, mustering would begin. Dr. Reynolds said that as he understood the regulations all of the physicians of the National guard would have to pass an examination as to their qualifications as surgeons before being mustered in. He estimated that the physical examination of the men would require about ten days, each of the three surgeons being able to examine about 100 men a day. When the soldiers were examined just before the civil war their condition was not carefully inquired into. Practically all they had to do was to parade with coats off before the surgeons, each man being examined hurriedly. But under the new order of things the soldiers will be required to strip, and if they have any physical weakness it will be found out and the men sent to their homes.

Buck Is in Charge

The Wisconsin troops will be mustered into the volunteer army of the United States by Lieut. F. M. Caldwell and Capt. W. L. Buck. Lieut. Caldwell received his commission as mustering officer today. He has been at camp since yesterday, coming with the Madison company. It was not known until last night that Capt. Buck was to be detailed also. About 9 o'clock last night Gov. Scofield received the following telegraphic dispatch from the war department: "Capt. W. L. Buck, of the Thirtieth infantry, has been appointed mustering officer for your state and ordered to report without delay at Milwaukee, the appointed rendezvous. He will commence to muster volunteers into the service as soon as he has received his instructions and the necessary blank forms."

Capt. Buck was for four years inspector of the Wisconsin National guard, and made his home in Milwaukee. For the past year he has been an instructor in mathematics in St. John's Military academy at Desfield. Wait for Orders.

Lieut. Caldwell said last evening that he did not know when the mustering would begin or how long it would last. It all depends on the action of the officials of the War department. If they order another medical examination, as is expected, it will require considerable time to examine each one of the many recruits. The various companies will then be sworn in by the mustering officers, after which the companies will be ready to move to the front. The mustering of the troops does not require much time, as the oath is administered by companies and not by each recruit.

Lieut. Col. Henry R. Tilton, deputy surgeon general U. S. A., has been designated as the medical officer to assist Drs. Ladd and Reynolds, appointed by Gov. Scofield to make the physical examinations.

Whiting at Hospital.

Major John B. Edwards, of Mauston, has been detailed as post surgeon, and all sanitary arrangements will be in his charge. He will report to General Zwettusch in all matters pertaining to disposal of garbage and police of sinks. Major H. E. Bradley has been detailed in charge of the post hospital with Captain J. B. Whiting of Janesville, as assistant. He will have a permanent detail of one hospital steward and four enlisted men.

It has been commanded that no sick man shall be sent to the post hospital unless proper treatment at the regimental camp shall be found impracticable. Regimental commanders have been instructed to require a permanent detail to be made of at least two men, from each of their battalions, for hospital work. Major H. E. Bradley has been placed in charge of the medical supplies, and requisitions for medical supplies are to be sent to him.

The assignment was announced yesterday afternoon of Major Bradley to the Second regiment, Captain J. R. McDill to the First regiment, and Captain A. J. Moore to the Third regiment.

Accept New Companies.

The ceremony of accepting the new companies of the Fourth regiment into the service of the First was especially interesting, since it was the first time that the Milwaukee boys had taken part in that body. When Adj. Olson drew forth his orders, he read a short address from Col. Schadel, as follows:

"The colonel commanding desires at this time to express his appreciation to his command for the prompt response it has shown to the call of the country in the hour of need. As soldiers in this great cause which we have now undertaken, it is the hope of your colonel that you shall conduct yourselves as true men and faithful soldiers. To the companies of the First Infantry who have just been assigned to this command, we extend a most hearty greeting, and bid you all welcome."

Adjutant Olson then read the orders as to the formation of the battalions.

ARE ANXIOUS ABOUT DEWEY

News From the Asiatic Squadron
Looked For Hourly

BELIEF THAT HE WILL MAKE A GOOD FIGHT

Washington, April 30—Special—President McKinley and his advisers are anxiously awaiting news today that Admiral Dewey's squadron has taken Manila. It is calculated that the event can hardly be prolonged beyond today.

Hong Kong, April 30—Special—The reported sighting of the American fleet off Bolinao yesterday leads to the belief that Manila will be bombarded today. The Spanish fleet has not sailed to meet the American warships. The Dons' vessels are safely ensconced under the guns of the fortifications in Manila harbor. The first news of the battle may not be received until Admiral Dewey seizes the cable.

The Paris at Her Docks.

New York, April 30—Special—The City of Paris reached her docks this morning. Her deck was gaily decorated with flags. The marine guard prevented enthusiastic persons from boarding the welcome vessel. At no time during the voyage was a war vessel sighted, and Capt. Watkins said he had no fear of being captured, although all precautions were taken to prevent falling into the enemy's hands.

Nothing Heard from Philippines.

Washington, April 30—Special—Up to noon Secretary Long had heard nothing from the Asiatic squadron which sailed from Hong Kong Thursday for the Philippines.

Gone to the Front.

Mobile, April 30—Special—Two regiments left for Tampa last night. The sides of the coaches were inscribed "Death to the Dagoes" and "Remember the Maine."

The four Milwaukee companies, formerly A, B, C and F, Fourth regiment, were designed I, K, L, M, respectively, and will constitute the first battalion of the First regiment. Lieutenant Colonel C. F. Young, of Monroe, will command the battalion. Companies B, C, F and G will constitute the Second battalion, and will be in command of Major G. H. Joachim, of Madison, while companies A, D, E, and H, will be the Third battalion in command of Major D. A. Stearns. The orders having been read the battalions marched back to their grounds, disbanded, and the companies repaired to their tents. Camp fires were built, around which groups assembled and sang merry songs until 10:30, when taps were sounded and all suddenly became quiet.

Equipments To Be Taken to Camp.

Col. Goldin makes the following suggestions to recruits:

Each recruit should provide himself, so far as practicable, with the following articles:

Pair of good heavy broad soled shoes.

Two pairs of extra socks.

Two dark colored shirts (flannel preferred).

Towels and comb.

Extra suit of underwear.

Needles and thread.

A pair of blankets might be found a welcome addition to the outfit if they can be taken, as it may be some days before the men can be fitted out.

No doubt opportunities will be afforded to return such extra articles as are supplied by the government, after the regiment is equipped.

May Not Be Needed.

A letter from Capt. C. L. Hanson this afternoon contains the suggestion that the twenty Janesville recruits called for yesterday may not be needed. The maximum strength of each company has been reduced to 84 men and extra men crowded out of one company are likely to be put with the smaller companies to fill up. No definite decision will be made until next week.

ADMITTED TO THE BAR.

Only Twenty Out of Fifty-nine Applicants Pass.

The state bar examination held an examination at the Hotel Pfister, Milwaukee, on Tuesday and Wednesday of this week. Thursday and yesterday were spent by the board in examining the papers, and last night they announced the following as having passed:

George E. Crothers, Neillville, W.

S. Frame, Waukesha; Frank L. Gilbert, Madison; Edgar C. Hoe, Milwaukee; Heber B. Hoyt, Waterloo; J. W. Kelly, Monominee; S. Madigan, Trenton; George V. Moss, Madison; G. E. O'Connor, Eagle River; B. A. Owen, Baraboo; J. W. Page, Honey Creek; David C. Pinkerton, Madison; H. O. Seymour, Lake Geneva; James D. Shaw, Madison; S. B. Shimeall, Shoreline; Walter S. Stoker, Manitowish; B. O. Sturges, Lake Geneva; L. H. Taylor, Madison; George A. West, Milwaukee; E. B. Williams, Marshfield.

The Examining Board Consisted of

L. J. Rusk, Chippewa Falls; Charles Quarles, Milwaukee; G. M. Woodward, La Crosse, and A. L. Sanborn, Madison. D. M. Dickinson, of West Superior is a member of the board, but he was unable to be present.

Fifty-nine candidates for admission to the bar were examined, but only twenty passed as above.

Strength of Spanish Army.

Washington, April 30.—The strength of the Spanish Cuban army has been placed in official reports as approximately 200,000. The war department is in possession of unquestionable information that Spain has 80,000 effective soldiers in the island in addition to the volunteers, who number 30,000. The Spanish regulars are considered by our officers as being fairly good soldiers and brave, well drilled and armed with the Mauser rifle, one of the best modern arms in use. The volunteers are raw, undisciplined troops, of whom not much can be said in their favor. The officers are a poor lot, lacking in military skill and judgment and unreliable in the handling of troops. Many of them were appointed through favoritism.

To Seize the Canaries.

Washington, April 30.—The board of strategy recommends that as soon as it becomes apparent that the Spanish fleet does not intend to cross the Atlantic, the Canary Islands in the Atlantic and one of the Balearic islands in the Mediterranean, probably the Island of Minorca, be seized by the United States as bases of supplies. If the Spanish fleet does not come to us the board of strategy has decided that to end the war the United States war ships must attack Spain at home. The best war ships are certain to reach the other side of the Atlantic considerably the worse for the voyage. By seizing the Canaries they can be made a base of operations against Spain.

SHIRT WAIST AND WASH SKIRT FROM HARPER'S BAZAR

A Yoke effect of an entirely new form appears in the shirt waist model illustrated, which is made with a very broad box pleat in front. The distribution of the gathers under the yoke produces a becoming effect over the bust. A plain, pointed yoke with a center seam is added to the tailor back, which has no gathers except at the waist line. The small shirt sleeves are finished with a straight cuff, narrow enough to pass easily into the sleeves of a coat. The collar is of the high turned over model. The belt is of snake skin with narrow buckled straps.

The tailor skirt for cotton fabric which has become such a necessity of the summer outfit, is an excellent design for white pique, linen crash or

cotton reps. The comfort of such skirts for midsummer, not only to the sense of the wearer, but also the eye of the beholder, is such that it insures them a long lease of popular favor. The skirt is a five-gored model, made with a wide front gore. The back breadths may be pleated or gathered, as preferred. Three yards and a half is the width at the foot. The proper cut of the costume can be obtained only from the cut patterns furnished by Harper's Bazar, where it is published.

The new form of sailor hat, with medium brim, has a plain crown band and side bow with a buckle.

Approximate quantity of material for medium size: For shirt-waist—36 inches wide, 3 yards. For skirt—36 inches wide, 5½ yards.

COMMON DISEASES

Piles, Fistula and Inflammatory Conditions of the Rectum

The troubles so annoying and dangerous to health are among the commonest with which humanity is afflicted.

We are, therefore, pleased to announce that modern research in medical science has at last produced a certain cure for them and as usual with all great and meritorious inventions, is simple and the only wonder is that such a remedy was not discovered and used years before.

The remedy we refer to is known as the Pyramid Pile Cure. It is not an ointment nor a salve. Liquid for internal remedy, but is applied directly to the seat of the disease and produces a cure in a surprisingly short space of time.

For itching piles a few applications produces a complete cure, while for bleeding, protruding and all other forms of rectal diseases its use will result in a permanent cure even in cases where an operation has failed.

The Pyramid Pile Cure is painless to use, and relieves all pain at once. All druggists keep it or will get it for you. It is prepared by the Pyramid Drug Co., of Marshall, Mich., who will send you full particulars of the cause and cure of piles, also testimonials from every section of the country or if your druggist has the remedy on hand you will find the treatise on piles and testimonials in each package of the remedy.

A trial will convince you that the Pyramid Pile Cure is a specific for every form of rectal disease, and is guaranteed to contain no mineral poisons nor injurious ingredients so often resorted to in treating piles. Sold by druggists at 50 cents.

Thirty-five years make a generation. That is how long Adolph Fisher, of Janesville, O., suffered from piles. He was cured by using three boxes of De Witt's Witch Hazel Salve. People's Drug Co., corner Main and Mil. Sts.

Significance of the Move.

London, April 30.—The Evening News, commenting on the sailing of the Spanish fleet from Cape Verde, says: "The import of the cablegram is that the whole effective fighting force of the squadron has been dispatched west, while the non-effectives and the non-combatants are proceeding to another anchorage. Well informed naval authorities are aware that the torpedo boats could not traverse the Atlantic at the present time, as they have not sufficient coal capacity for a voyage to Cuba, and the risk of coaling in mid-ocean is too great. The long delayed move is most significant. Its significance is in the fact, which can hardly be over-emphasized, that it is practically Spain's first real move since the outbreak of hostilities."

Stop that cough. Take warning. It may lead to consumption. A 50c bottle of Shiloh's cure may save your life. For sale by People's Drug Co.

SCOTS HAVE A JOLLY TIME

Pleasant Social by the Caledonian Society Given Last Evening

The social given last evening by the Janesville Caledonian society was a success in every sense of the word. The attendance was large, and the program was carried out without the least hitch. Dr. James Mills presided with his accustomed dignity and grace, and Smith's orchestra was present to furnish the music necessary on such occasions.

When all had assembled President O. C. MacLean extended a genuine Scottish welcome, and Dr. Mills introduced Prof. Gavin Spence, the noted dialect singer, who appeared arrayed in Highland costume. His songs displayed a rare ability, both musical and dramatic, and were applauded to the echo. He was compelled to respond to several vociferous encores. His songs embraced "The Old Scotch Song," "The Hundred Piper," "Jesse's Dream," "Duncan Gray," "Annie Laurie" and "Afton Water." He was accompanied on the piano by Mrs. J. F. Sweeney.

The violin selections rendered by Professor Frederick Spencer were greatly appreciated, and he was obliged to respond to an encore. He is an artist of rare skill, and infuses great feeling into his playing.

A solo sung by George L. Hatch delighted the audience, which encored him enthusiastically.

Mrs. Janet S. Day followed with a forceful description of the departure of volunteers from New Orleans in 1861, which was especially appropriate to the present time. The selections were from the pen of that charming writer, George B. Cable.

The program was closed by the singing of "America" by all present, after which the older members of the party seated themselves for a quiet rubber of whist, while the juniors indulged in a frolicsome dance which lasted until "he wee sma' hour ayeant the twal."

"I feel it my duty to give you a truthful statement of what Chamberlain's Colic, Cholera and Diarrhoea Remedy did," writes J. S. Collins, of Moore, S. O. "I had a child about two years old, that had the diarrhoea for two months. I tried all the best known remedies, but none gave the least relief. When this remedy came to hand, I gave it as directed, and in two days the child was completely cured." Sold by People's Drug Co., corner Main and E. Milwaukee Sts.

Illinois Guard to Be Accepted.

Corbin that the Illinois National guard will be accepted by the United States and be mustered into service. This statement was coupled with the additional announcement that the guard will be mustered into service.

To Protect the People of Wisconsin.

The legislature of this state, recognizing the danger from the use of alum as an ingredient in food, has passed a law requiring all baking powders containing alum to have plainly stated on each label the fact that such powder "contains alum."

This is a fair warning to protect all consumers from either being drugged or cheated without knowing it.

The highest authorities condemn alum in baking powder as unhealthful.

Let every housekeeper scan the label.

Some of the alum powder manufacturers who have been deceiving the public into the belief that their powders are pure and wholesome, are attempting to blind the unsuspecting purchaser and avoid the law by printing on their packages an advertisement which sets forth the fact, "this powder contains alum," in a most obscure manner.

This is a double fraud, and should excite suspicion in the mind of every person.

Don't stop at the reading of this warning, but go down to the kitchen and look upon your can of powder and see if it contains alum; this is what the law is for.

If any grocer offers you a powder over his counter at a lower price than usual, see if it is marked "contains alum," as the law requires.

NOTE. This notice is published openly by the

Royal Baking Powder Co., of New York.

This Company manufactures a pure cream of tartar powder, the "Royal" brand, which is beyond all question as to wholesomeness and strength; true, it costs a little more at first, but it goes farther in the end.

Cream of tartar comes from grapes, and costs to produce much more than alum, which is a mineral the British Government regards as a poison and the law there forbids the use of it in bread.

The Royal Baking Powder Co. feels justified in bringing this matter to the notice of consumers, for the reason that no honorable competition exists in the alum compounds, which are declared unwholesome.

The Royal powder costs only a fair price per pound, and is cheaper and better at its price than any similar article in the world.

Congress to Take a Recess.

Washington, April 30.—Congress will probably soon take a recess for a considerable length of time, perhaps for a month, perhaps more. The routine work of the session is nearly finished.

In the Hands of Spain.

San Francisco, April 30.—The Call says: "There is not the slightest doubt that plans of the works commanding the harbor of San Francisco are in the possession of the Spanish military and naval authorities."

Consuls Object to Bombardment.

Madrid, April 30.—Capt.-Gen. Blanco, in his report of the bombardment of Matanzas, says the French and Austrian consuls have entered protests, on the ground that no previous warning was given.

FOOD FOR COPPERHEADS.

The attention of the few copperheads who still insist that "the United States has no right to interfere with Cuba," is called to the following dispatch:

Atlanta, Ga., April 28.—Senators Virginia Herrens and her two sons, daughter, and four sisters have arrived in Atlanta from Havana. They say that an agreement has been entered into by the Spanish officers in the Cuban capital by which, rather than have the city fall intact into the hands of the Americans, they will massacre every American sympathizer and raze Havana to the ground. The first symptoms of American occupation will be the signal for this action. Thousands of Cubans are leaving Havana from fear of this threat.

Oh yes, "the Spaniards are nice people"—just about as nice as the Americans who stand up for them.

PRESIDENT IN THE WAR.

President McKinley entered in the United States army in June 1861, at the age of 17, as a private, and was discharged at the end of the war with the rank of major. He was promoted to commissary sergeant, April 15, 1862; next to second lieutenant, Sept. 23, 1862; then the first lieutenant, Feb. 7, 1863; to captain July 5, 1864; subsequently detailed as acting assistant adjutant general of the First Army corps on the staff of Gen. Carroll, being brevetted major March 13, 1865. He was in active service from enlistment to discharge.

England will send Count Bascon, the Spanish minister to London, home. The count was raising money in England to aid the Spanish navy. Mr. John Bull, it may be remarked, is opposed to having his funds used to strengthen any navy—except that of your Uncle Samuel.

The stars and stripes are likely to wave over the Hawaiian islands for all time to come. It is thought that

the next news from Honolulu will be to the effect that the right has been granted to the United States to take possession of the islands without formal annexation.

The law today proclaimed strict neutrality in the matter of the shooting of ducks. The open season expires on May 1, and all persons disregarding the regulations will be subject to capture and imprisonment.

The English consul at Porto Rico has asked for a warship with which to protect Americans left in his charge. His request will be granted, and our English consuls will shoot, too, if it is necessary.

The tax on beer will compel the beer drinkers of the country to pay about \$25,000,000 a year to the government for war purposes.

Wisconsin begins to feel the effects of the war. The Sheboygan cheese market is upset, and prices are going skyward.

Yellow Fever in Our Fleet.

Washington, April 30.—Advises are to the effect that there is grave danger of an outbreak of yellow fever on the blockading fleet. The navy department is said to have had intimations that premonitory signs of the disease are already apparent on several ships. Surgeons aboard have asked for assistance from Washington medical authorities.

Spring Humors

During the colder season impure humors accumulate in the blood.

The surface of the body being chilled, the pores are closed and clogged, and impurities which might pass off in perspiration are forced back into the blood. Besides this, winter's hearty food, fats and sweets, contribute more impurities.

This briefly explains the existence of Spring Humors—those unsightly eruptions, painful boils, annoying pimples and other affections, which make the use of Hood's Sarsaparilla absolutely necessary at this season.

But with some people, impurities in the blood cause very different symptoms. The kidneys, liver and bowels are overmatched in their efforts to relieve the clogged system. Dizzy headaches, bilious attacks, failure of appetite, coated tongue, lame back, indigestion or that tired feeling are some of the results.

From the same cause may also come scrofula, neuralgia, sciatica or rheumatism.

WAR PRICES ARE COMING Apace

COST OF PROVISIONS SHOWS A STEADY INCREASE.

Grain and Meats Command Higher Prices, and Tobacco Is Scarce and Very Dear—The Tropical Fruits Are Not Yet Seriously Affected.

Local merchants have begun to feel the effects of the pending war with Spain. Flour has advanced \$1 a barrel in one week; potatoes have gone up 45 cents a barrel or 15 cents a bushel; beans, the army ration, 40 cents per bushel; sirup, 3 cents a gallon; sugar, 8-8 cents per pound; coffee 2 cents, tea 2 to 5 cents, rice 1 cent, and all corn and oat products 5 to 10 per cent. Pork has gone up from between 75 cents to \$1.50 per barrel. Plug tobacco is three and four cents more on the pound than it was a week ago, and Havana tobacco is dealt out only at prohibitory prices.

A prominent tobacco dealer said he did not think there had been a bit of pure Havana tobacco used in the ordinary 10-cent cigars for months. He said there was not a pound of tobacco coming out of Cuba now and that the supply in this country could not last the year out, after which there would be nothing but the domestic product.

The pineapple is the only exclusively Cuban fruit, and dealers say that up to date there has been no advance in the price or any scarcity reported. One big importer said today his agent in Cuba had written him he would send him all the pineapples he wanted, war or no war, but he did not say just how he would do it. The bulk of the bananas is imported to this country from South America via New Orleans. The two largest companies engaged in this trade are British and Norwegian concerns and their vessels of course will not be molested. The lemon trade between this country and Sicily is practically monopolized by the British and Italian companies, which precludes a famine of the sour fruit.

Consumers have as yet not felt the advance in groceries and meats, but it is said that within a week they will be strongly reminded that peace prices no longer prevail.

CASES IN MUNICIPAL COURT

Two Adjournments Were Taken This Morning by the Court

There is very much doubt if ever Mrs. Mattie Reams is punished by the strong arm of the law for the alleged crime of adultery. When her case was called in the municipal court this morning it was again adjourned till June 15 at 9 o'clock.

Thomas Conley was also before the court on the charge of burglary, and his case will be tried by a jury of twelve to be returned on Wednesday of next week. His case will probably be tried the following day. Conley's father says that he is too poor to hire an attorney, but the court thinks differently and has so notified Mr. Conley. The defendant is still in jail in default of bail.

YOUTHFUL ORATORS COMPETE

Former Janesville Boy Wins Honors at Whitewater.

Prof. D. D. Mayne acted as presiding officer last evening at an interesting inter-Normal debate which took place between Whitewater and Stevens Point debaters, in the Congregational church at Whitewater.

After an interesting and lengthy debate, the Whitewater representatives were declared the winners by a score of 2 to 1. Charles Hemmingsway, a member of the Whitewater school, and a former Janesville boy, made one of the principal speeches of the evening.

CUT HIS HAND SERIOUSLY

Frank Lawrence Sustains a Painful Injury While Cutting Wood

Frank Lawrence, the six-year-old son of Mrs. Charles Lawrence, of Chestnut street, cut a long deep gash in his left hand yesterday afternoon while in the act of splitting wood. The little boy had the ax in one hand and the block of wood in the other.

Dr. W. H. Judd, who was called, was required to take several stitches to close the gash.

A SPOILED PACKAGE

Caused Trouble in a Man's Household.

"Those were happy days when I was convalescing and could feel the content of returning strength and life."

None know the feeling except those who have been very ill and recover. I began again, months after complete recovery, to use coffee for breakfast and it seemed to agree with me for awhile until I gradually became conscious that the old stomach and bowel troubles were coming on again with the queer nervous feelings.

I had been cured first by leaving off coffee and using Postum Food Coffee and would have always used Postum but for the fact that I got a spoiled package one day and turned against it.

I didn't then know that the grocer would have given me a good one in its place without charge.

When I found Coffee was "doing me" again I went back to Postum and found it was better made than ever and a most charming, delicious beverage.

In less than a week I was well and thoroughly satisfied to remain so and stick to Postum."

WEYLER HANGED IN EFFIGY

Spanish General Suspended By the Neck On Bluff Street

General Weyler was hanged in effigy this noon in the very heart of the business section of the city. With a strong rope about his neck the Spanish general hung from the end of a strong bill board pole located on Bluff street directly opposite the Park hotel. Boarders on entering the hotel at noon spied the dangling form, which supported a card bearing the words: "Gen. Weyler." The entire make-up was a clever piece of work, and it is doubtful if boys had anything to do with the affair.

CORONER'S JURY ON DEATH OF ENGINEER DOLAN.

Holds That the Accident Was Due to Carelessness on the Part of Agents of the Road—Belief That a Settlement Will Be Made With the Widow.

The coroner's jury, at the inquest held Thursday afternoon, before Justice Jeske at Fond du Lac, inquired into the means of the death of Engineer Martin Dolan, of this city, who was killed in a wreck at Fond du Lac Tuesday, agreed upon the following verdict:

"We, the jury, on our oaths do declare that the said Martin Dolan came to his death on the morning of April 26, 1898, at the city and county of Fond du Lac and state of Wisconsin, by violence, in a head end collision on the Chicago & Northwestern railway, which accident was caused by the carelessness of said Chicago & Northwestern Railway company."

Will Pay Damages

Mr. Charles B. Smith, assistant general claim agent of the Chicago & Northwestern road, with headquarters as Chicago, was on hand at the inquest and was accompanied by an expert stenographer, who took notes of the testimony introduced. It is said that the company will make a settlement with the widow of the engineer, who resides in this city on Beck street, where she has six small children to care for.

TEN DAY JAIL PRISONERS.

Beloit and Edgerton Continue to be Well Represented at Bastille.

John Campbell, who resides at Edgerton, is now behind the bars of the Rock county jail serving out a ten day assault and battery sentence. Campbell amused himself recently by giving a sixteen-year-old boy a bad beating.

Archie Northway, of Beloit, is also a new boarder at the jail, his time of sentence being ten days. Northway is booked for a plain drunk, and his name appears about as frequently on the jail register as any prisoner who has been cared for by the jail officials in late years.

To Lead Cuban Invaders.

Washington, April 30.—It is now admitted at the war department that Brig.-Gen. Shafter will lead 15,000 regulars into Cuba early next week. They will land at Bahia Honda or Matanzas. Co-operation with Gomez will be undertaken and commissaries will distribute food to the reconcentrados. Gen. Lee, with a division of 10,000 yellow fever immunized, may follow to relieve them when the rainy season sets in. Land operations, according to this plan, can be carried on without interruption.

May Delay Gold Shipments.

Seattle, Wash., April 30.—B. B. S. Phillips, a Seattle attorney, returned last night from Dawson City. He says news of the war with Spain will reach Dawson by June and the reports will be so exaggerated as to the danger from privateering that much gold now ready to come out may be held back. There is a possibility that it may be sent out in British steamers. Phillips estimates the clean-up at \$30,000,000.

Spain Says Nobody Was Killed.

Madrid, April 30.—It was officially announced today that the fortifications of Matanzas have not suffered, "in spite of 300 shells fired by the American fleet." "I that 'Not one man was killed wounded thereby.' In official circles the stories of the bombardment received via the United States are read with shouts of derisive laughter.

Chicago Debaters Downed.

Ann Arbor, Mich., April 30.—The third annual intercollegiate debate between Michigan and Chicago resulted in a victory for the former. The question was: "Resolved, That the action of the senate in rejecting the proposed treaty of arbitration between Great Britain and the United States was wise." Chicago supported the negative.

Hanna Bribery Charges.

Washington, April 30.—The charges against M. A. Hanna in connection with his election to the United States senate, made by the state senate of Ohio, have been received by the vice-president, and will probably be laid before the senate Monday.

Indiana Borrows Money.

Indianapolis, Ind., April 30.—The state funds for the support of the soldiers here in camp having run out the government decided to borrow from the Indianapolis banks \$100,000 instead of calling an extra session of the legislature.

John Y. McKane Freed.

Sing Sing, N. Y., April 30.—John Y. McKane spent his last day in prison Friday. He was released this morning, after having served four years and two months for violating the election laws at Coney Island.

Irishmen Willing to Fight.

New York, April 30.—A letter has been sent to President McKinley by William Lyman, president of the Irish National Alliance, offering to form an Irish brigade to assist the United States in the war against Spain.

Capt King to Be Brigadier.

Washington, April 30.—Capt. Charles A. King, the novelist, will probably be appointed a brigadier general by the president and accredited to the state of Wisconsin.

Bismarck on Neutrality.

London, April 30.—Prince Bismarck, according to a dispatch from Berlin, says Germany ought not to bind her hands by a neutrality declaration.

London, April 30.—A private dispatch from Hawarden to a prominent politician in this city says Mr. Gladstone is rapidly nearing his end.

And get a drink of PURDY'S ROOT BEER, the healthiest drink in the world. Acknowledged by physicians to be an excellent Spring tonic as it is made of herbs and contains no acids.

TRADE FEELS LITTLE EFFECT.

Business Proceeds Much as It War Were Not in Progress.

New York, April 30.—It. G. Dun company's Weekly Review of Trade says: "Hostilities have not as yet changed last week's conditions. There is much postponement of orders by men who do not know what they are waiting for, and much restriction of loans by banks, which are abundantly strong. All this checks new business, and yet the volume of transactions through clearing houses is 8 per cent larger than in the same week of 1897, with no foreign trouble. But this increase would be much larger but for speculative stagnation here, New York clearings being 2.1 per cent smaller than in 1897. Railroads are doing a great business, 5.7 per cent larger than in 1897 in April earnings thus far and 13.9 larger than last year. Confusing accounts about the great industries cannot cause surprise, in view of the contradictory influence of monetary stringency curtailing many orders, heavy orders by government in many branches and the all-pervading confidence that after temporary conditions have passed business is going to be better. The consumption of iron is still the greatest ever known. The cotton manufacture has been helped by some government contracts. Woolen manufactures are doing rather better. Sales of wool are about a sixth of last year's for April. "Failures for the week have been 262 in the United States, against 237 last year, and sixteen in Canada, against forty last year."

ACT DECLARED VOID.

Illinois State Apportionment Killed by Supreme Court.

Springfield, Ill., April 30.—The senatorial apportionment passed by the recent extra session of the legislature is declared unconstitutional by the supreme court. The opinion is written by Judge Cartwright. It sets out that the relator, William Morning, applied to the county clerk of Will county for certification as the democratic nominee from the senatorial district composed of the county of Will, as apportioned by the act approved June 15, 1893, and in force July 1, 1893, and that the clerk refused certification on the ground that said district, the twenty-fifth, now consists of the counties of Will and DuPage, under the apportionment, made by the act approved Jan. 11, 1898, and in force July 1, 1898.

The case was an agreed one, and came to the court as a petition for a writ of peremptory mandamus. The court dismisses the writ and finds the former act in force.

THE PRESENT WAR CRISIS

Mr. Hall Speaks on War Parables at Court Street Church.

Interest centers now in the war. There is no question as to outcome. Spain will be conquered; Cuba will be free. But meanwhile the war cloud hangs dark and low, and every mind goes out toward it. Rev. Walter A. Hall, of Court Street church, will make the highest use of the things now in everybody's mind, by making them illustrative of spiritual themes. "War Parables" will be given again on Sunday evening. Good music will be a feature of the day. "The Life of Christ" series will be continued in the morning. The church will be decorated with flags.

Remodeling

The front door or the back door—any door in fact, about the house, cutting an archway, putting in a new hardwood floor; a new window, here or there; rearranging the stair case; sticking in a piece of grill work where the room looks bare, etc. All these things we make a specialty of.

Give US Your Idea We Will Do the Rest

Our advantage over any other concern is in the fact of our cutting our own lumber and working it up from the stump. One profit from stump to consumer. Anything in wood we make.

CAPITAL BOYS WON EASILY

Beat the Local Base Ball Team By a Score of 18 to 0.

The Janesville High school base ball club, received a severe drubbing yesterday at the hands of the Madison High school boys. The lads from the capital were stronger at the bat, more skillful in the field, and had a more expert battery than the local team, and had, besides, more practice. As a consequence the visitors went around the bases pretty much as they pleased, while they always interposed a valid objection to any of the Janesville boys reaching the home plate. The game, indeed, was so monotonous as to fail to be interesting. When the visitors had become wearied with running and nine innings had been played the score stood 18 to 0. The score by innings follows:

Madison	1	1	0	2	4	4	0	6	—18
Janesville	0	0	0	0	0	0	0	0	—0

Struck out—By Check, 18; by Palmer, 5. Base on balls—Off Check, 1; off Palmer, 1. Two base hit—Pierce, 2. Hit by pitched ball—Dougherty, Roys. Umpire, Crall.

Navy Blue Serge

is certainly the most comfortable, well-looking and serviceable fabric for a man's summer suit, but it is a troublesome fabric to the tailor. It has "ravelly" tendencies which baffle the skill of any but first-class experienced SERGE TAILORS. The serge suits in our store bearing our label, and which we sell at \$15, are made by the most experienced serge tailors in America, and are so constructed that no seam can ravel or stretch, and the garment will hold its shape under all circumstances. No one can hope to possess such a suit made to measure at less than double the price.

YOU CAN'T EXPLODE IT THE INSURANCE Gasoline : Stove!

A . LONG . FELT . WANT

The Smallest child or the most careless person cannot have an accident in any way, shape, or manner with the Insurance Gasoline Stove. It is just what its name implies. It insures perfect safety. It does not burn gasoline, but the gas from gasoline. The burner is heated and lighted by an asbestos torch and must reach a certain degree of heat before an automatic shut-off opens and admits the gas so that it lights. The "Insurance" is the only stove in which there is any provision made to cut off the supply of gasoline should the burner be accidentally exploded or carelessly left open.

The moment the flame is extinguished the burner commences to cool and shuts off the gas automatically. At no time is there gasoline in any part of the burner for a chance to ignite.

You Can't Explode It While Filling It,

BECAUSE an inner tank must be removed and turned bottom side up before it can be filled, so that in an unthinking moment the gasoline can be not brought too near the forgotten lighted burner. Insurance Gasoline Stoves must be seen to be fully appreciated. There are too many superior points to tell about in this ad. Once seen if you have gasoline experience you will swear by the Insurance.
